PipeWrenchPDX.com

"I've worked with Ken several times over many years (and through a few companies). This time was a rebuilt shower valve for less than 1/4 the cost to replace it. He's helped with water heaters, Hose bibbs, toilet installations, and even diagnosed and fixed an issue with our dishwasher that saved us from calling the appliance guy. Thanks again, Ken!" - VPS Dudley

"I worked with Ken twice now - first time was on a remodel that was very complex and Ken did a fantastic job. Second time was after I gummed up a tub faucet on the weekend. He came right over to get the water back on, and then gave me my options to get the tub repaired. Overall, great to work with when you need help!" - Ken Vielmette

Recently I had a broken hose bib and called Pipewrench Plumbing to look at it. Ken arrived on time and was friendly, courteous and professional. He quickly diagnosed the problem and discussed his recommendations to fix it, giving a clear and fair estimate for the work, and was able to get us back up and running quickly. For plumbing issues, PipeWrench Plumbing is reliable and honest. Five stars - highly recommend! - Amy Lockard

This company is awesome! Ken has taken care of multiple issues that we have had pop up over the years, and the repairs are completed to perfection each time. I appreciate Ken's communication and his honesty is the reason that PipeWrench plumbing will be the only call I make, should I have any water related concerns in the future. Highly recommended! - Kelly Kalweit

Ken did a full **plumbing job for a new construction house** we built. Slab on grade with several changes and he nailed it perfectly. He also **ran gas lines** for us and installed the tankless water heater. Very knowledgeable and I would highly recommend. - James Rivelli

We moved into our house and found **multiple fixtures leaking** and a few other plumbing issues. Ken was very knowledgeable and efficiently took care of all of our plumbing issues. I would highly recommend this company to anyone!
